Portfolio: brendafabri.github.io/portfolio-projects · GitHub: github.com/brendafabri

PROFESSIONAL SUMMARY

Senior Business Analyst and Automation Specialist with 7+ years of experience transforming business operations through process optimization and applied AI. Proven track record: 18,000+ emails automatically classified, 350+ hours/year of manual work eliminated, and end-to-end automation of assessment cycles for ~135 suppliers. Expert in automation with Power Automate, Power Apps, Office Scripts (TypeScript), UiPath, n8n and Google Apps Script; Power BI dashboards and data modeling; and LLM/RAG integration in business processes. Advanced Microsoft 365 (SharePoint, Outlook, Excel) and SAP SD/FI (self-taught). Master's in Digital Transformation (2025). Spanish native, English C1, Italian B2.

WORK EXPERIENCE

Process Optimization & Automation Specialist | Lyreco — Aug 2026 – Present
Power Automate · Power Apps · Office Scripts (TypeScript) · UiPath · SharePoint · Outlook · Microsoft 365

- **Sustainability Assessments:** Flow that splits a 109-column consolidated file into one assessment file per supplier (~135), sends it and re-consolidates ~900 response rows into the PIM import format — 9 person-days per cycle eliminated, using only standard Microsoft 365 connectors.
- **Annual Cost Request:** Per-supplier extraction from a ~40,000-row master catalog, generation of each supplier's price file and email drafts with 2 attachments in a shared mailbox for review — ~300 suppliers per campaign.
- **Compliance Documentation Mailing:** Joins two product and packaging databases, generates only the files that contain data and sends bilingual ES/EN emails with 1–2 dynamic attachments.
- **Marketing Process Map:** Power Apps app mapping 4 processes and 33 steps by owner and automation status; team proposals come in through Forms and a flow logs them in SharePoint — no Premium licences.

Business Analyst & Process Automation Manager | Diplonautic SL — 2025 – Jun 2026

- **Invoice Classifier:** Intelligent Gmail classification engine processing 700+ supplier invoices/month using Gmail API, bilingual OCR (ES/CA), XML parsing and multi-signal scoring — 18,000+ emails classified with 0 human intervention.
- **Holiday Notice Automation:** Power Automate flow detecting holidays 5 days ahead and auto-notifying 500+ suppliers — 7,000+ emails/year, 350 h of manual work eliminated, 0 duplicates.
- **HR Hours Control:** Excel system crossing 5 data sources (ERP, vacations, corrections, travel, config) for the monthly hours audit of 56 workers — 3 days/month of manual processing eliminated.
- **Article Registration Form:** Google Apps Script web app standardizing nautical parts catalog entry across 23 technical fields with live search over 300+ hierarchical categories.
- **Technical Inventory → Sheets:** Automated naval parts inventory via Google Drive API and regex filename parsing — 100% of manual data entry eliminated.
- **Power BI & Generative AI:** Operational KPI dashboards with automated refresh, and LLM/RAG integration in internal workflows, reducing document processing time by 60%.

Business Analyst & Operations Manager | Planes de Ahorro — Yacopini Motors 2017 – 2024

- **Business Process Analysis:** Identified inefficiencies across HR, finance and administration; redesigned workflows resulting in a 75% reduction in operational errors.
- **Automation & Tooling:** Excel/VBA solutions for commission calculations, payroll processing and database management across multiple business units.
- **CRM & ERP:** Advanced use of SIAC (7 years) and MS Dynamics 365 — orders, invoicing, sales pipeline, reporting and campaigns.
- **KPI Reporting:** KPI frameworks for Volkswagen, Nissan and Chevrolet brands, enabling data-driven performance reviews.
- **Leadership:** Direct team of 5+ with indirect oversight of 100+ staff; cross-functional coordination between sales, logistics and finance.
- **Recognition:** Chevrolet President's Award for 3 consecutive years and Best Administration Team for error-free contract processing.

Additional experience | Administration & customer service 2011 – 2017

- Cashier Manager, Pago Fácil · Private Clinic Administrator · Tour Guide & Office Administrator — financial transactions, document management and multilingual communication.

EDUCATION

- Master's Degree in Digital Transformation — Business School IOE (2025)
- Bachelor's Degree in Business Administration — Universidad Nacional de Cuyo (2016)
